Robert:

They should charge they would normally charge but not to the RV account. The samples are for removal assessment. I don't want it to go against my removal budget.

Thanks

Myra,

I feel you should use action code LA and not RS. WHY.....Because RS is for Removal Assessment, and you are not doing the removal but are analyzing samples.

Mr. GWM, What do think???

Gary Moore gave us the following account code to use for work (samples) from CES Environmental Services : **2015 T 06L A6JPRS00**

Do you need to do something in the system for us to use RS instead of LA?

Muchas gracias.
